JOHN MORRISON

FRANK G. SEALEY

145 West 45th Street,
New York City,
January 1, 1922.

We take pleasure in handing you our catalogue of Seeds, Bulbs, Plants, etc., which we respectfully recommend to your kind attention, and take this opportunity of thanking our many customers for their generous patronage in the past and to assure them that we will continue to do all in our power to merit a continuance of their confidence.

We beg to call special attention to the Flower Seed section of this catalogue which has undergone careful revision and will be found to contain many new and rare varieties.

Our ability to aid in solving your horticultural problems is backed by the lifetime of practical experience in horticulture, which every member of our Company has to his credit. This, together with the underlying purpose of our organization, places us in a position to render service of the highest order. Correspondence on horticultural subjects is invited and your patronage is respectfully solicited.

MULLER-SEALEY COMPANY, INC.

Business Terms: Prices quoted in this catalogue are net, 30 days. All goods are offered, subject to being unsold on receipt of order and we reserve the right to change prices, if current conditions require it.

All goods travel at purchaser's risk after they are in the hands of any common carrier.

Claims must be made on receipt of goods, otherwise, they will not be considered.

Packing will be charged extra at cost.

NON-WARRANTY

While we take all possible care to send out only such goods that under proper conditions produce satisfactory results, we still give no warranty as to description, quality or productiveness of any seeds, bulbs or plants we send out and will not be in any way responsible for the crop. All orders for articles named in this catalogue will be executed on these conditions only.

PLACE YOUR ORDERS AS EARLY AS POSSIBLE.

Flower Seed Novelties for 1922

New Giant Non-Lateral Asters "Giants of California"

These new Asters are the result of several years' work beginning with the crossing of the non-lateral branching types of the "American Beauty" class and those of the "Crego" type. They combine a flower of mammoth proportions with a long stem practically free from any laterals.

New Giant Dark Purple. **Pkt. 25c., $\frac{1}{8}$ oz. \$1.00.**

New Giant Light Blue. **Pkt. 25c., $\frac{1}{8}$ oz. \$1.00.**

New Giant Deep Rose. **Pkt. 25c., $\frac{1}{8}$ oz. \$1.00.**

New Giant Peach Blossom. **Pkt. 25c., $\frac{1}{8}$ oz. \$1.00.**

Asparagus Sprengeri folius variegatus

A variety of the well known Asparagus Sprengeri. The leaves are white with the exception only of a green center rib running lightly through them. **Pkt. 50c.**

Begonia semperflorens, "Flame of Love"

The largest flowering and most brilliant scarlet Begonia of the semperflorens type. Its blooms measure $1\frac{1}{2}$ by 1 inch across and appear in dense clusters on short and solid stems, well above the bright green brown-tinted foliage. "Flame of Love" attains a height of 1 foot and comes true from seed. **Pkt. 50c.**

Gypsophila paniculata fl. pl. "Snow White"

The flowers of this new Double Gypsophila are pure white, and it produces a larger percentage of double flowers than the old type. **Pkt. 50c.**

New Single Petunia, "Pink Glory"

An excellent novelty with pure rose-pink flowers without a trace of purple, measuring from three to four inches in diameter. The plants attain a height of twelve to fifteen inches and are continuously covered with flowers. **Pkt. 75c.**

New Double Dark Violet Poppy (Papaver somniferum laciniatum fl. pl.)

The flowers of this new Double Annual Poppy are of a dark heliotrope-violet inclining to black-violet, and beautifully feathered. **Pkt. 35c.**

Statice sinuata, "True Blue"

The flowers are of a rich navy blue shading off to pale lilac. For garden decoration and as a cut flower for everlasting bouquets we are convinced that this new strain will soon be in great demand. **Pkt. 25c.**

Three new Winter-flowering Sweet Peas

Mrs. Warren G. Harding. A deep shade of silvery blue, the color that is already so well known as "Harding Blue." The flowers are immense in size with a broad and much frilled standard. **Pkt. 50c.**

Mrs. Kerr. It is impossible to fully describe the great beauty of this excellent novelty. The flowers are of immense size and exquisite shape and are a most pleasing shade of rich salmon overlaid or suffused with orange. **Pkt. 50c.**

White Star. The pure white flowers of enormous size are freely produced in fours, beautifully waved and well placed on the stem. We consider "White Star" to be the last word in black-seeded white varieties. **Pkt. 50c.**

Flower Seed Novelties of Recent Introduction

Tuberous Begonia, "Narcissus Flowered"

The two outer petals of this striking new variety are like those of a large-blooming "Single," the inner petals grow together and form a large conical tube, the edge being more or less waved and fringed; resembling very much the flower of a large-flowering Trumpet Narcissus.

Choice Mixed Colors. Pkt. 50c.

Brachycome iberidifolia, "Summer Beauty"

Of about 8 inches in height, the plant of this charming novelty forms erect little bushes, thickly bespangled with flowers of a pleasing, soft mauve tint, dark center, showing up the prevailing shade most effectively. **Pkt. 50c.**

Cheiranthus linifolius

This charming hardy annual has aroused great admiration. It is of low spreading habit and rapidly covers itself with a cloud of Wallflower-like flowers of an uncommon shade of cool lilac. **Pkt. 25c.**

Celsia cretica

An excellent, half-hardy perennial plant producing on long stems numerous large yellow flowers, which continue to open during the entire Summer. Makes an excellent pot plant for the greenhouse or conservatory. **Pkt. 50c.**

Erysimum linifolium

Growing about a foot in height, this new Erysimum produces a copious profusion of flowers of a bright clear mauve, resembling somewhat in size, shape and color those of *Aubretia græca*. As a showy biennial, forming a mass of bloom about the beginning of June it should have a place in every garden. **Pkt. 35c.**

Isoloma hirsutum hybridum

These new hybrids are the result of crossings of *Isoloma hirsutum multiflorum* with *Tydaea hybrida grandiflora*. The large flowers with their wonderful range of colors come from the *Tydaea*. They make splendid pot plants, blooming continuously from June until Winter. **Pkt. 50c.**

Poppy, Baker's Sunbeam

Award of Merit, R. H. S. A new race of Perennial Poppies resembling the Iceland Poppy but in length of stem, size of flower and robust habit they are far in advance of this well-known type.

Choice Mixed Colors. Pkt. 35c.

Sidalcea, Rose Queen

The raiser of this new *Sidalcea* describes it as the finest hardy perennial ever produced. Each plant develops a sheaf of spikes 5 to 6 feet high well furnished with beautiful rose-colored flowers during June and July. **Pkt. 25c.**

Streptocarpus, Rose Queen

The finest rose-pink *Streptocarpus* in cultivation. The flowers are of enormous size and of a delightful rose-pink self color, with white throat. **Pkt. \$1.00.**

Trachymene cærulea (Didiscus)

Commonly known as the "Blue Lace Flower." An attractive annual with delicate pale blue flowers, suitable either for greenhouse cultivation or for Summer bedding. The flowers last a long time when cut. $1\frac{1}{2}$ feet. **Pkt. 25c.**

VEGETABLE SEEDS

Specialties of Merit

M.-S. Co.'s Early Red Globe Beet

This new Beet supersedes all other Turnip-rooted varieties in quality, shape and color. It is exceptionally early, deep red in color, handsome in appearance and of the finest flavor. **Pkt. 15c., oz. 50c., $\frac{1}{4}$ lb. \$1.50.**

Feltham Intermediate Beet

This distinct variety is of a handsome tankard or intermediate shape and stump-rooted. It is very early, of excellent quality, and owing to its shape it can be cut without any waste. **Pkt. 15c., oz. 50c., $\frac{1}{4}$ lb. \$1.50.**

M.-S. Co.'s Extra Early Forcing Cauliflower

The earliest Cauliflower in cultivation and the best strain for growing under glass. The heads are beautifully close and white. Its dwarf compact habit and small number of leaves make it an ideal variety for forcing. **Pkt. 50c. $\frac{1}{4}$ oz. \$3.00, oz. \$10.00.**

De Lues' Golden Giant Sweet Corn

A cross between Golden Bantam and Howling Mob. It matures about a week later than Golden Bantam, the ear is very much larger than the Bantam and the sugar content is almost as great. This variety should be especially popular with all those who have found Golden Bantam to their liking. **$\frac{1}{2}$ lb. 49c., lb. 75c., 2 lbs. \$1.40.**

Irondequoit Musk Melon

An excellent main crop variety. The fruit is large, gray-green in color, flattened at the ends, distinctly ribbed and well netted. Flesh very thick, deep salmon color, and of the highest quality. **Pkt. 10c., oz. 35c., $\frac{1}{4}$ lb. \$1.00.**

Prizetaker Leek

The finest exhibition Leek in cultivation. The long, pure white stems have a most attractive appearance. **Pkt. 15c., oz. 75c., $\frac{1}{4}$ lb. \$2.50.**

Best of all Onion

This excellent variety possesses in a high degree all the qualities sought for in an Onion. It is of almost perfectly globular form with a very slender neck and bright straw-colored skin. Grows to a great size and as a keeper is second to none. **Pkt. 25c., oz. \$1.50.**

World's Record Pea

An improved type of Gradus, being slightly earlier, more dwarf and a heavier cropper. The pods are medium green, 4 inches long and well filled with seven to nine very large, dark green Peas of exceptional quality. **Lb. 50c., 2 lbs. 95c., 8 lbs. \$3.60.**

Dobbies' Exhibition Parsley

A dwarf and compact variety, exquisitely curled. Highly ornamental and unsurpassed for exhibition. **Pkt. 15c., oz. 35c., $\frac{1}{4}$ lb. \$1.00.**

Lawn Seed Mixtures

M.-S. Co.'s Special Lawn Grass Mixture

Weight per measured bushel, 28 to 30 lbs.

This mixture is composed of the highest grade of re-cleaned seeds only, free from chaff and weeds. It is carefully blended and will produce a turf in six weeks that will retain its rich green color and velvety appearance throughout the entire summer.

For new lawns we recommend sowing 100 lbs. to the acre. For renovating lawns use half of this quantity. 10 lbs. \$5.50. 25 lbs. \$13.00 100 lbs. \$50.00.

"Shady Place" Lawn Grass

This mixture is composed of grasses that are naturally adapted for growing under trees and shaded situations. 10 lbs. \$5.50. 25 lbs. \$13.00. 100 lbs. \$50.00.

Lawn Restoring Grass Mixture

A mixture of grasses suited to take firm hold and grow quickly on hard, worn out or burned spots. 10 lbs. \$5.00. 25 lbs. \$12.00. 100 lbs. \$45.00.

Lawn Tennis Grass Mixture

Composed of fine-leaved, deep rooting grasses that will produce a fine, close, elastic turf. 10 lbs. \$5.00. 25 lbs., \$12.00. 100 lbs., \$45.00.

Terrace Grass Mixture

A mixture of deep rooting grasses suited for terraces and embankments, that takes firm hold and withstands drought and exposure. 10 lbs., \$5.00. 25 lbs., \$12.00. 100 lbs., \$45.00.

Seashore Grass Mixture

This mixture is composed of grasses that naturally thrive well on seaside lawns. 10 lbs., \$5.50. 25 lbs., \$13.00. 100 lbs., \$50.00.

Fair Green Mixture

Composed of dwarf spreading grasses, forming a close, velvety surface that improves from year to year. 10 lbs., \$5.00. 25 lbs., \$12.00. 100 lbs., \$45.00.

Putting Green Mixture

This mixture consists of most suitable grasses for insuring a close, dense turf, essential for putting greens. 10 lbs., \$6.00. 25 lbs., \$14.50. 100 lbs., \$55.00.

Special Mixtures for Hay and Permanent Pasture
